

**Wisconsin-Upper Michigan Kiwanis District
Autism Signature Project
Autism Spectrum iPad & App Grant Application**

To be completed by the child's parent or guardian:

Parent Guardian Name _____ Child's Name _____

Address _____ City/State/Zip _____

Email _____ Phone _____

School District _____ School _____

Child's Grade in School _____ Child's Date of Birth _____

I verify that my child has a medical or educational diagnosis of Autism Spectrum Disorder(ASD) (initial here): _____

Do you qualify for free or reduced price meal benefits (used to determine financial need)? _____

I hereby give permission to share contact information and details of my child's educational needs with representatives of the Wisconsin-Upper Michigan Kiwanis District. This information will not be shared with anyone outside of the scope of this grant.

Signature _____ Date _____

To be completed by the child's autism consultant or special education teacher (see instructions): Recommendation: iPad Ipad Mini

Recommended Software App(s) _____

Autism Consultant/Special Education Teacher Name _____

Email _____ Phone _____

Signature _____ Date _____

Please return completed form to: Lynn Messer at lmmsr001@gmail.com or
Kiwanis Autism Signature Project, c/o Sheboygan Falls Kiwanis Club PO Box 42, Sheboygan Falls, WI 53085

For Kiwanis Use Only _____ Date _____

Kiwanis Club _____ Cost of iPad and Protective Case _____

Kiwanis Contact _____ Cost of Recommended App _____

Notes _____ Total Grant Request _____

Copy to Autism Committee Chair

Copy to Kiwanis Club

Wisconsin-Upper Michigan Kiwanis District
Autism Signature Project
Autism Spectrum iPad & App Grant Application

Important Instructions for Autism/Special Education Professionals

Thank you for partnering with the Wisconsin-Upper Michigan Kiwanis District and Autism Project Committee to assist children with Autism Spectrum Disorder in Wisconsin and Michigan's Upper Peninsula:

Because it is cost prohibitive to fund the purchase of an iPad, protective case and software for every child on the Autism Spectrum who could potentially benefit from the technology, the project committee would like to share criteria by special education teachers which we feel would be helpful in narrowing the scope of this project:

Please take these 6 things into consideration when choosing the children who you will recommend to receive a technology grant:

A-Does the child function at a high enough cognitive level to benefit from the use of an iPad and software?

b-Does the child have a strong family support system? In other words, will the child's family take the time to learn how to maximize the benefits of the software apps- and work with the child at home using the technology? If the answer is no, Please do not make the grant recommendation: At that point it would just be a very expensive toy and another child who might benefit would go without:

c- We ask the parents to indicate if they are eligible to receive free or reduced price lunches which gives us an idea of financial Need: We do realize, however that often times the out of pocket expenses of a special needs child are a burden on families whose incomes do not fall below the benchmark for free or reduced price lunches: We therefore ask you to consider this when making a grant recommendation:

To ensure that each child receiving this technology grant is maximizing the potential value of the iPad and software Apps, the Project Committee is relying on the autism consultant or special education teacher who works directly with the child to make important recommendations:

We request that you use your knowledge of working with this child and expertise in the field of autism spectrum disorders to:

A-Recommend the iPad or the iPadyMini: Please consider which size would be best suited for the child: If the child would benefit equally from using either iPad, please recommend the iPad Mini which will allow us to serve more children because of the reduced price of the smaller iPad.

b- Recommend software apps- specifically chosen for the applicant: Please be specific: Instructions such as "any and all autism related apps" are not helpful to us because there are well over 600 apps available: You know this child best and we are counting on your input to choose the best software apps available to assist the applicant.

C-Assist the family with setting up any iTunes account and downloading the recommended software apps- teaching them if necessary, how to download other apps in the future: Any iTunes gift card will be provided with the iPad:

Thank you for your assistance in serving the children of Wisconsin and Upper Michigan,
